# Welcome

Colorado Academy (CA) has offered summer activities for Denver-metro area youth since 1951. Young people come from as far as Castle Rock, Evergreen, and Parker. A sizable number of them are not students at CA during the academic year. Summers at CA are much less formal. Our top-notch staff conducts programs that are fun and challenging – intellectually and physically. CA's campus consists of 94 acres of beautiful Colorado countryside in southwest Denver.

Activities, Resources and Features include:

- Archery field and equipment
- Baseball diamond
- Before & after camp
- Bus transportation available 
- Digital media lab
- Tennis Racquets and Eight Tennis Courts
- Five large playing fields
- Four computer labs
- Lunch included for all full day campers
- Photography studio
- Red Cross-accredited swim lessons
- Seven-to-one overall camper-to-staff ratio
- Studio art workrooms
- Theater
- Vocal/instrumental music facility

With a wide variety of offerings from stained glass to circus, day camp to soccer, rock climbing to photography, skateboarding to coding, there truly is something at CA in the summer for every school-age individual.

At CA Summer Programs, we place special emphasis on nurturing the self-confidence of our campers. Through teamwork and individual successes, appropriate risk-taking and challenging activities, each child gains a greater sense of self-worth and accomplishment.

**Camp Dates: June 6-July 29**

*Fourth-of-July week will be a 4-day session with no programs on Monday, July 4.*

**Camp Hours: 9:00 a.m. to 3:30 p.m.**

Visit [coloradoacademysummer.org](http://coloradoacademysummer.org) to register.

## Specialty Camp Programs

**5-18 Year-Olds:** Choose from a wide variety of Arts, Academics, Imagination, Sports, and Adventure camps. You can select a full-day program or combine any of our partial-day programs (including Day-Camp Fun Blocks) to complete a completely customized schedule for your child. **See program descriptions on page 1 for prices.**

## Day Camp Programs

**Traditional Summer Day Camp Activities:** Day Camp for 6-year-olds to 12-year-olds is the anchor of CA's summer programs and is offered for eight weeks of the summer. The Day Camp program is based on good, old-fashioned, summertime fun! Join day camp for a full day or combine day camp activity blocks with specialty programs to create a fully customized day!

Daily activities include: adventure, archery (entering grades 1-7), arts and crafts, free swim, campfire program (songs, stories, community building), HodgePodge (games, activities, maker- space, ), Red Cross-accredited swim lessons, tennis fun, rock climbing (2 days per wk), drama and music (skits, sing a silly song, be a star at the weekly parent performance) and theme days that include a camp carnival, dunk tanks, inflatable water slides, kayak tanks, a circus performance and more! **\$302 per week for day camp \$80 per 1.5 hour day camp block** (when combined with other programs to create a full day).

**Rainbow Day Camp / 5-Year-Olds:** The Rainbow Program is designed for children who will turn five by June 6 and will be kindergartners in the fall of 2016. Located in a campus facility specifically designed for this age group, campers participate in activities tailored to their needs. The Rainbow Program can be combined with partial-day specialty camps to create a unique schedule for your child. This program maintains a camper-to-staff ratio of 7:1. To ensure individual attention, the total number of campers does not exceed 21. Campers may choose to attend either a 5-day week or a 3-day week program. **\$185 for 3-day week \$302 for 5-day week \$80 per 1.5 hour day camp block**

**New this year:** Two days of Canoeing, Stand-Up Paddleboard Surfing and Kayaking offered during HodgePodge for weeks 2, 5 & 7. Available for green, blue and red group campers. Water activities take place at Woody's Pond on CA's campus. *See website for details.*

### Day-Camp Overnight

Join us for a fun night of games, scavenger hunts, swimming, campfire stories, songs, skits, a cookout, campout in the gym, hot breakfast, and much, much, more! Available to entering 2nd-7th graders.  
**Requirements:** Camper must be enrolled in a day program (day camp or specialty) during week 7. Camper must have participated in the day camp color groups at least one time during the summer. Campers are required to supply their own sleeping bag and pad. Space is limited and will fill up quickly.  
Date: Wednesday, July 20. Entering grades 2-7. **Cost \$140**

### Apprentice Counselor Program

The CA Summer Day Camp offers a two-week Apprentice Counselor Program for young people (ages 13-15) who wish to gain valuable experience working with and caring for children as a counselor in training. Under the guidance of a leadership coach, the Apprentice counselors assist regular counselors in the management and care of campers. They explore different styles of leadership and learn the importance of being a good role model. In the process they learn the skills and responsibilities of working with children. They are expected to participate actively in all Day Camp activities and serve as a positive role model for campers. The Apprentice Counselors also provide assistance to the Assistant Director for Programs in setting up the various special Friday activities. Please visit our website to learn about the video application process. **\$450 for two weeks (\$395 for the 4th of July week)**

### Bus Transportation

## How To Schedule

**1. Calendar View:** I need my child to be in camp for specific weeks. What is available? If there are specific weeks for which you need your child enrolled, go to the **weekly calendar starting on page F** for information on programs that are offered by grade during those weeks. The calendars provide the name of all programs and page numbers that refer you to more detailed descriptions of the programs. If you are combining day camp fun blocks and specialty programs, first review the **day camp schedule on page B** to understand which day camp programs will be missed while your child is participating in the specialty program(s).

**2. Program View:** My child's schedule is flexible. What programs are available? If you are looking for **specialty programs** and have flexibility in your schedule, **detailed descriptions, dates, grades, and fees of all programs start on page 1.**

**Putting It All Together:** Once you know what is available and what your child is interested in, you can select from the following options:  
• Rainbow Camp for 5-year olds (3 day or full week)  
• Full day of week-long Day Camp for 6- to 12-year olds  
• Full day or partial day of week-long Specialty Programs  
• Partial day, week-long specialty programs and 1.5 hour Day Camp Fun blocks to create a full day

### Sample Camper Days - Mix and Match all Programs

Combine Day Camp Fun blocks (\$80 each block per week) and specialty camps (cost varies) to create the perfect day for your child. To calculate the total weekly cost, add the price of all programs together.

Please use this guide to determine the camp times.  
**Yellow:** 1.5 Hour Camp    **Blue:** Half Day Camp    **Pink:** Full Day Camp

<b>Sample 1:</b> Tennis (9 a.m.-10:30 a.m.) + Day Camp Fun B2(10:30 a.m.-12:00 p.m.) & The Art of Making Stained Glass (12:30 p.m.-3:30 p.m.)=Full Day

“The summer camp was a terrific experience for our 6 year old. He learned a lot of new skills from the variety within the camps, including his swimming capabilities and archery. The whole experience seemed to foster more independence and community focus within the camp at large and helped him mature on some levels.”

## Academic Skills for grades 4 through 7: Math and Reading

Program 1: June 6-June 17

(Two week program)

Program 2: June 20-July 1

(Two week program)

Entering grades 6-7

9:00 a.m.-10:30 a.m. Math

10:30 a.m.-12:00 p.m. Reading

Entering grades 4-5

12:30 p.m.-2:00 p.m. Math

2:00 p.m.-3:30 p.m. Reading

Achievement-oriented, these programs provide an opportunity for younger students to improve their academic skills in math and reading. Instruction is tailored to the needs of each student. Class sizes are kept to a maximum of six students.

**Math:** Developing computation skills and understanding basic math processes are the major components of the math program. At the first class meeting, students are tested and a personalized plan is developed for each student. Upon completion, a final report is prepared that includes goals achieved and areas needing further attention.

\$220 Instructor: TBD

**Reading:** Students learn to be active participants in the reading process while focusing on comprehension and decoding skills. The program includes: vocabulary development; book analysis and discussion; summary writing and main idea identification; conclusion, and inference skills.

\$220. Instructor: TBD

## Aerodynamics & Rocketry

July 25-July 29

9:00 a.m.-12:00 p.m. Entering grades 6-8

Build a bottle rocket that can soar 200-300 feet high! Applying the principles of aerodynamics and Newton's Laws of Motion, participants learn how to stabilize and enhance the flights of their rockets. They personalize their own bottle rocket with a theme of their choice, such as Superman or Apollo! \$205. Instructor: Thanh Luong

## Animal Arts

Program 1: June 13-June 17

Program 2: June 20-June 24

Program 3: July 5-July 8 (four days)

Program 4: July 11-July 15

Programs 1,3,4: 12:30 p.m.-2:00 p.m.

Program 2: 10:30 a.m.-12:00 p.m.

Entering grades 2-4

Discover the artistic and theatrical side of wild animals during this creative camp. Practice hummingbird dives, build a bowerbird bower, weave a spider web, sing the cicada

song, and do the sage grouse stomp! Act out animal antics through art projects, role playing, imaginative play, and costume creation.

Programs 1,2,4: \$120.

Program 3: \$100. Instructor: Suzy Hiskey

## Banking on the Future

July 11-July 15

9:00 a.m.-10:30 a.m.-Entering grades 4-5

10:30 a.m.-12:00 p.m.-Entering grades 6-8  
Banking on the Future (BOOF) is a youth financial literacy program that gives youth a strong understanding of money, banks and finances. A very interactive life-skills program, students will learn about being self-sufficient, financially stable, and a role model for others. The program covers the importance of a budget, managing and saving money, how to write out checks, withdrawal and deposit slips, and the complexities of credit cards and loans so that the students are empowered to take control of their financial futures. \$100

## Be a Better Babysitter

June 27-July 1

12:30 p.m.-3:30 p.m. Entering grades 5-8

Anyone can be a babysitter, but not everyone is a GREAT babysitter. Become an in-demand sitter and have fun doing it. Learn how babies, toddlers, and preschoolers develop. Make age-appropriate games and activities and prepare healthy and fun snacks. Learn songs and finger plays and practice exciting storytelling techniques. Do you still have that one favorite book from when you were little? Bring it in and learn to read it aloud so you can make it someone else's favorite as well. Rid yourself of inhibitions as you role-play various babysitting scenarios. By the end of the week you are the sitter that every parent wants to hire. Taught by an experienced parent educator and elementary school teacher, these fun-filled afternoons prepare the participants to be serious and competent babysitters. Each camper will receive a folder filled with plans for activities to keep children busy and happy, information of what children like and need at various ages, essential questions to ask parents before they leave, how to get started, and recipes for fun and healthy snacks. Instructor: \$190. Sandy Dubois

## Bird Nerds at Audubon Nature Center

June 27-July 1

9:00 a.m.-3:30 p.m. Entering grades 1-3 Have you ever wondered WHOOO is in your backyard or on your fence post? Let the Audubon Society help you to become a junior birder who sees local live raptors up close during a visit from Wild Wings; who hikes through bird habitats (Chatfield State Park, Waterton Canyon, Lake Lehow); and who mucks in the pond for bird food. Use binoculars and other scientific tools to practice bird classification & observation of owls, hawks, ducks, and songbirds. Required equipment: daypack, walking shoes, long pants, filled water bottles, sunscreen, insect spray, a hat, sunglasses, and a love of Colorado birds! \$355. Instructor: TBD

## Bringing Little House to Life

Program 1: July 11-July 15  
Program 2: July 18-July 22

9:00 a.m.-12:00 p.m. Entering grades 3-5 Join us as we listen to stories, learn about the author of these favorite books, watch videos and create our own little house on the prairie from scratch. We'll construct a walk-in little house out of boxes and other random materials and each child will also use scrap materials to create their own little house to take home. The week includes cooking, crafts, games and dress-up in clothing from the late 1800s. We'll journey off campus to visit the Colorado History Museum pioneer classroom at some point during the week. \$190. Instructor: Ana Dodson

## Camp Invention: Epic Park™

June 27-July 1

9:00 a.m.-3:30 p.m. Entering grades 1-7 Angel Investor and her partner Ed Venture have just purchased Epic Park, located on a pristine island that has rainforest areas, waterfalls, sandy desert stretches, steep cliffs and rolling hills that lead down to the ocean. Angel and Ed—who happen to be crazy about tree houses, zip lines, water rides, treasure seeking and hi-tech eco-gear—are looking for innovative thinkers to pitch their most cutting-edge designs for the future of Epic Park. Camp Invention participants sketch up their best blueprints and clean green energy designs that will win over Angel and Ed for the chance to be Epic Park co-owners and operators all while exploring principles of entrepreneurship and physics. In Epic Park™ children will:

- Design tree houses that integrate simple machines
- Discover Epic Park's ecological diversity and unique terrain
- Build prototypes and models of innovative eco-adventures
- Pitch their Epic Park models for the chance

to be co-owners by creating a commercial park \$390. Instructor: Camp Invention

## Chess

Program 1: June 6-June 10  
Program 2: June 27-July 1  
Program 3: July 18-July 22

9:00 a.m.-10:30 a.m., 10:30 a.m.-12:00 p.m., 12:30 p.m.-2:00 p.m., 2:00 p.m.-3:30 p.m. Entering grades K-5 This camp is open to beginner and intermediate players. Students learn basic chess strategies and tactics, as well as chess etiquette. The class is taught by 5-time Denver Chess Champion and National Chess Master Todd Bardwick. Todd has been a full-time chess teacher for almost two decades. \$155. Instructor: Todd Bardwick

## Cotillion Academy: Minding Your Manners at Home

July 25-July 29

12:30 p.m.-2:00 p.m. Entering grades 4-5 Cotillion presents a comprehensive training program of etiquette and manners for both everyday and more formal occasions. Many of the skills learned in cotillion will be used throughout a child's life. Skills include:

An instructional meal allows students an opportunity to put all their training into

action on the final day of the program. \$300. Instructor: Cotillion Academy

## Count Me In Math Camp For Girls

July 11-July 15

9:00 a.m.-12:00 p.m. Entering grades 3-5 12:30 p.m.-3:30 p.m. Entering grades 1-2 Girls enhance their math skills through engaging and purposeful games and activities. Your daughter will play, dance, create and compete in activities designed specifically for girls that let girls collaborate to solve challenging problems and strengthen their math skills. \$200. Instructor: Eleanora Archie

## Creative Science

July 11 – July 15

9:00 a.m.-12:00 p.m. & 12:30 p.m.-3:30 p.m. Entering grades 4-7 Discover and investigate the intersection between the world of art and science. Students have the opportunity to explore the science of color, pigments, and chromatography, as well as light and reflection in kaleidoscopes. The CA Campus provides the perfect environment to investigate the fauna and flora, and the opportunity to design and build terrariums and insect hotels for home gardens. Learning about static equilibrium, levers, and fulcrums develops a solid understanding and platform for the design and construction of mobiles. A microscope laboratory and flower dissection will motivate the students to create detailed botanical illustrations and the opportunity to explore the art of abstract painting. We end the week exploring air currents and kite building. If you enjoy investigating your world and being creative, then this program is for you. \$195. Instructor: Megan Zitron

## Creepy, Crawly Nature

June 27-July 1

9:00 a.m.-10:30 a.m. Entering grades 2-3 Insects rule the world! They creep, crawl, fly, buzz, and flutter all around us. Make bug traps, build a bug habitat, design buggy costumes to wear, and spend lots of time exploring the creepy, crawly animals in the natural areas of CA. \$120. Instructor: Suzy Hiskey

## Detective Science: The Case of Felix

June 6-June 10

12:30 p.m.-3:30 p.m. Entering grades 4-7 Come join us for a week-long mystery extravaganza during which student detectives conduct hands-on forensic science tests on evidence found at the "crime scene." Students perform tests on clues in the forensic laboratory, including thread comparison tests, chromatography, pH tests and powder tests. Through observation, experimentation,

and discussion, we attempt to solve the mystery of the Case of Felix. \$190. Instructor: Shelley DeRock

## Dirty Jobs Nature

July 5-July 8 (four days)

10:30 a.m.-12:00 p.m. Entering grades 4-5 Stinky skunks, vomiting vultures and icky insects can be pretty gross! Find out why some animals do disgusting things to survive on the dirty side of nature. Search through dirt, under rocks, and in pond water to find the creature with the dirtiest job in CA's natural areas. \$100. Instructor: Suzy Hiskey

## Divergent

Program 1: June 13-June 17  
Program 2: June 20-June 24

9:00 a.m.-3:30 p.m. Entering grades 5-8 Did you love the Divergent trilogy? We'll spend a whole week exploring activities that embody each of the five factions: Dauntless (the Brave), Erudite (the Intelligent), Amity (the Peaceful), Candor (the Honest), and Abnegation (the Selfless.) Each day involves field trips in the Denver area, including a private screening of the Divergent movie and excursions to the Denver Art Museum and Elitch Gardens. By the end of the week you'll have a better sense of what faction you'd belong to if you lived in Veronica Roth's dystopia-or maybe you're Divergent yourself? \$375. Instructor: Allie Bronston

## E-Leaarning

Two Programs:

Program 1: June 20-July 1 (2 weeks)  
Program 2: July 18-July 29 (2 weeks)

9:00 a.m.-10:30 a.m. 10:30 a.m.-12:00 p.m. Entering grades 3-9 These online summer school programs are available in our computer lab and are facilitated by one of our instructors. Programs available for all ages. Choose from Geometry, Technology, Elementary, Language Arts and Math, English, World Languages, Algebra Prep, Game Design, World History, Criminal Investigations, Anatomy and Physiology, and more! \$240 for two weeks. Instructor: Lindsey Boykin

## First Steps to First Grade

July 18-July 22

9:00 a.m.-3:30 p.m. Entering grade 1 Help your child get ready for the big step from kindergarten to first grade by reinforcing and continuing their academic skill development. This activity-based (non-remedial) program includes skill enhancement in both language arts and math, and prepares children to enter first grade with confidence. \$305. Instructors: Margit Patterson and Steph Sanders

## iCamp @ CA

Available every week from June 6-July 29

Morning Sessions: 9:00 a.m.-12:00 p.m. Afternoon Sessions: 12:30 p.m.-3:30 p.m. Full Day Sessions: 9:00 a.m.-3:30 p.m. Entering grades 2-8 Create your own day-camp experience! Completing applied technology adventures, will participate in activities that occur both on and off the computer. Participants engage in Engineering, Robotics, Animation, Digital Video Production, Digital Art, Sound Recording and Video Game Design. Participants select 4 to 6 projects that they will complete during their session to enhance their awesome, natural creative abilities and boost their 21st century skills! Half Day: \$240 Full Day: \$420 Fourth of July Week Half Day: \$195 Fourth of July Week Full Day: \$335

## Icky, Sticky Nature

July 5-July 8 (four days)

9:00 a.m.-10:30 a.m. Entering grades 2-3 Get dirty exploring the icky, sticky world of life under rocks, in muddy pond water, or under the ground. Search for roly-polys, worms, and other animals that live in, eat, and make dirt! Wear your grungiest clothes, and bring clean clothing to change into when you are done – you will get dirty. \$100. Instructor: Suzy Hiskey

## Intensive Reading Support with a Certified Academic Language Practitioner for Entering Grades 2-4

June 6-July 15 (six weeks)

Entering grades 2-4

Two Programs:

10:30 a.m.-12:00 p.m. and 2:00 p.m.-3:30 p.m. This program is a 6-week long, intensive literacy intervention for children ages 7 and up. The curriculum is research-based. The sessions are designed for small groups and target the 5 essential components of effective reading instruction: phonemic awareness, phonics, fluency, vocabulary, and comprehension. Daily lessons are cumulative and there is nightly homework (20 minutes minimum). A pre-assessment is required to determine proper placement in the program. The camp office will contact you to make arrangements once registration has been submitted. \$850 for six weeks. Instructor: Tina Rivera

## Intensive Reading Support with a Certified Academic Language Practitioner for Entering Grades K-1

June 6-July 15 (six weeks)

Entering grades K-1

Two Programs:

9:00 a.m.-10:30 a.m. and 12:30 p.m.-2:00 p.m. This program is designed for children K-1st grade. It addresses the 5 essential components of effective reading instruction: phonemic awareness, phonics, fluency, vocabulary, and comprehension. Through movement, stories, and direct instruction, children will learn necessary foundational reading skills. This program also lasts 6 weeks and is cumulative. The "Sounds Abound" lessons will be used to target rhyming, initial/final sounds, blending/segmenting words, and reading at levels appropriate for each individual child. There is a nightly homework requirement for this class as well (15 minute minimum). A pre-assessment is required to determine proper placement in the program. The camp office will contact you to make arrangements once registration has been submitted. \$850 for six weeks. Instructor: Tina Rivera

## Journalist for a Week

July 18-July 22

9:00 a.m.-12:00 p.m. Entering grades 4-6 What would life be like as a journalist? Learn how to brainstorm ideas, interview potential sources, compose interesting write-ups, take pictures, edit work, design advertisements, and pull everything together into a colorful newspaper or magazine to present to parents. \$190. Instructor: Eleanora Archie

## Junior Inventors & Engineers

June 20-June 24

9:00 a.m.-12:00 p.m. Entering grade 2-4 In this fun workshop, we create our own designs and make structures using a variety of different materials like: recyclable materials, marshmallows, lifesavers, paper bags and many, many more. We also explore designs to make the best roller coaster for a marble; how to walk on paper cups without crushing them; and which paper airplane design can fly the farthest. These and many other interesting problems form the basis for this student-centered engineering course that will help campers understand the basic principles of building and design. \$200. Instructor: Steph Sanders & Margit Patterson

### Jr. Money Matters

**June 27-July 1**

9:00 a.m.-3:30 p.m. Entering grades 3-4  
Young American's Center for Financial Education is proud to present Young American Towne On the Road! Explore fun things about money, banking and the world of work, while learning important basic financial skills. On the last day, you get to work in a business and run your very own life-like town. \$325

### Kid vs. Wild Survival Skills

**June 13-June 17**

9:00 a.m.-12:00 p.m. Entering grade 4-6  
Do you have what it takes to survive in the wild? Test your nature survival skills as you learn to: build shelters; start a fire without a match; cook using the sun; track animals; and find your way using landmarks, map, and compass. Practice skills you need to have safe adventures away from home. \$190. Instructor: Suzy Hiskey

### Kinetic Art

**July 18-July 22**

9:00 a.m.-12:00 p.m. & 12:30 p.m.-3:30 p.m. Entering grades 1-4  
Have you ever wanted to build something, only to knock it down right away? Well, in this crazy camp, you will! This week you'll have the chance to build domino rallies featuring spectacular obstacles and out-of-this-world displays. You'll learn how to build contraptions that pop into the air or collapse once you release a trigger. Challenge your fellow campers to join you in races and building contests. Just remember to be careful, because one false move and the show begins without you! \$190. Instructor: Angie Hertz

### LEGO® Camps with Playwell Technologies

#### LEGO®: Aerospace FUNDamentals using LEGO®

**July 25-July 29**  
9:00 a.m.-12:00 p.m. Entering grades 3-6  
Learn the secrets of flight in Aerospace FUNDamentals! Study the work of the masters, then build a LEGO® model of the largest rocket in history, and then design your own Mars Rover. Explore the history flight, from Icarus to DaVinci to the Wright Brothers to NASA. Come discover how birds, stealth fighters, blimps, and rockets all use the same FUNDamental concepts to actually fly! \$190. Instructor: Play-Well Technologies

#### LEGO®: All-Girls Engineering using LEGO®

**June 20-June 24**  
9:00 a.m.-12:00 p.m. Entering grades 3-6  
A NEW Play-Well offering for girls who love to build! Taught by women engineers and scientists, this course provides a supportive

environment for girls to apply real-world concepts in physics, engineering, and architecture through engineer-designed projects such as arch bridges, motorized cars, skyscrapers and amusement parks! Design and build as never before, and explore your craziest ideas in an interactive environment. Curriculum created for LEGO lovers and newbies alike! \$190. Instructor: Play-Well Technologies

#### LEGO®: All-Girls Pre-Engineering using LEGO®

**June 20-June 24**  
12:30 p.m.-3:30 p.m. Entering grades K-2  
A NEW Play-Well offering for girls who love to build! Taught by women engineers and scientists, this course will provide a supportive environment for girls to build engineer-designed projects such as boats, bridges, mazes, and motorized cars. Explore the endless creative possibilities of the LEGO® building system with the guidance of an experienced Play-Well instructor. \$190. Instructor: Play-Well Technologies

#### LEGO®: All-Girls Pre-engineering using LEGO®: Girl Powered Storytelling

**July 11-July 15**  
9:00 a.m.-12:00 p.m. Entering grades K-2  
In this all-girls camp, we explore engineering and architecture through hands on building scenarios and stories. Girls get to build a safari land with animals and safari jeeps, a large cruise ship to sail to their vacation islands, amusement parks with rides, ski resorts with gondolas and much more! Taught by female instructors this LEGO camp boost girls' confidence with hands on construction and fosters a link between FUN and BUILDING. \$190. Instructor: Playwell Technologies

#### LEGO®: All-Girls Engineering using LEGO®: Girl Powered Storytelling

**July 11-July 15**  
12:30 p.m.-3:30 p.m. Entering grades 3-6  
In this all-girls camp, we explore engineering and architecture through hands-on building scenarios and stories. Girls get to build their own fantasy land complete: with animals and tree houses; beach scenes with sailboats and tropical islands; towns with houses, bakeries, and shops; horse stables and much more! Taught by female instructors this LEGO camp boost girls' confidence with hands-on construction and fosters a link between FUN and BUILDING. \$190. Instructor: Playwell Technologies

#### LEGO®: Art and Architecture using LEGO®

**Program 1: June 13-July 17**  
**Program 2: July 5-July 8** (four days)  
9:00 a.m.-12:00 p.m. Entering grades 3-6  
12:30 p.m.-3:30 p.m. Entering grades K-2  
Explore great works of art and architecture through LEGO®. Collaborate in small groups to build grand structures such as the Parthenon in Greece, the Notre Dame Cathedral in Paris, the treehouses of Papua New Guinea, and New York's Empire State Building. Follow in the footsteps of master artists with LEGO® interpretations of sculptures, mosaics, and stained glass. Teamwork and creativity take high culture to the next level! Instructor: Playwell Technologies.  
Program 1: \$190.  
Program 2: \$155.  
Instructor: Play-well-Teknologies

#### LEGO®: Engineering FUNDamentals: Mine, Craft, Build using LEGO®

**July 18-July 22**  
12:30 p.m.-3:30 p.m. Entering grades 3-6  
Bring Minecraft to life using LEGO®! Build a motorized walking Creeper, a terrifying Ghast, and a motorized Minecart! This project-based camp, designed by Play-Well instructors, combines the basic format of our core engineering-themed programs based on the world of Minecraft. Students will explore real-world concepts in physics, engineering, and architecture while building their favorite Minecraft objects. Students will have a blast, even without any prior experience with Minecraft or LEGO®. \$190. Instructor: Play-Well Technologies.

#### LEGO®: Lift-Off using LEGO®

**July 25-July 29**  
12:30 p.m.-3:30 p.m. Entering grades K-2  
Do you wish you could fly? Do you dream of breaking the sound barrier, or landing on Mars? Then this camp is for you! Build LEGO® models of every kind of flying machine, from wings that flap like a bird's, to Mustangs, Stealth Bombers, and NASA rockets. Then discover how real-world aircraft and spacecraft actually fly! \$190. Instructor: Play-Well Technologies

#### LEGO®: Mine, Craft, Build Jedi Adventure Game Using LEGO®

**Program 1: June 6-June 10**  
9:00 a.m.-12:00 p.m. Entering grades K-2  
**Program 2: July 11-July 15**  
12:30 p.m.-3:30 p.m. Entering grades K-2  
Mine, craft, and build the Star Wars universe using LEGO®! In this unique building adventure game, roll the dice to gather Jedi resources. Then build a Pod Racer, craft a Droid, and create the Treehouse Village of

Endor to help your Ewok friends! This novice LEGO®Star Wars experience is an original game designed by Play-Well instructors and inspired by both the popular Minecraft tablet game and the Star Wars universe. \$190. Instructor: Play-Well Teknologies

#### LEGO®: Mine, Craft, Build Jedi Survival Game Using LEGO®

**Program 1: June 6-June 10**  
12:30 p.m.-3:30 p.m. Entering grades 3-6  
**Program 2: July 11-July 15**  
9:00 a.m.-12:00 p.m. Entering grades 3-6  
Mine, craft, and build the Star Wars universe using LEGO®! In this unique building adventure game, roll the dice to gather Jedi resources. Then build a Starship, craft Light Sabers, and use the Force to challenge the Dark Side and survive the Empire's attacks. This ultimate LEGO® Star Wars experience is an original game designed by Play-Well instructors and inspired by both the popular Minecraft tablet game and the Star Wars universe. \$190. Instructor: Play-Well Teknologies

#### LEGO®: Mine, Craft, Build Adventure Game using LEGO®

**June 20-June 24**  
12:30 p.m.-3:30 p.m. Entering grades K-2  
Bring Minecraft to life using LEGO®! Resourcefulness, creativity, and cooperation come together in this unique building adventure game; roll the dice to mine for resources, and use these resources to build special items to help in our adventures! Build a Zoo, create a Medieval Castle, and design a Tree House Village! This LEGO® experience is an original game designed by Play-Well instructors inspired by the popular game, Minecraft. Students will have a blast, even without any prior experience with Minecraft or LEGO®. \$190. Instructor: Play-Well Teknologies

#### LEGO®: Mine,Craft, Build Survival Game using LEGO®

**June 20-June 24**  
9:00 a.m.-12:00 p.m. Entering grades 3-6  
Bring Minecraft to life using LEGO®! Resourcefulness, creativity, and cooperation come together in this unique building adventure game; roll the dice to mine for resources, craft tools, and watch out for Creepers! This ultimate LEGO® Minecraft experience is an original game designed by Play-Well instructors, using game play elements and characters inspired by the popular Minecraft video game. Students will have a blast, even without any prior experience with Minecraft or LEGO®. \$190. Instructor: Play-Well Teknologies

#### LEGO®: Pre-Engineering: Mine, Craft, Build using LEGO®

**July 18-July 22**  
9:00 a.m.-12:00 p.m. Entering grades K-2  
Bring Minecraft to life using tens of thousands of LEGO®! Build engineer-designed projects such as a motorized Creeper, a portal to the Nether, and a moving Minecart! Create your favorite Minecraft objects with the guidance of an experienced Play-Well instructor. Whether you are new to Minecraft and LEGO® or a seasoned veteran, you'll be hooked on the endless creative possibilities. \$190. Instructor: Play-Well Teknologies

#### Robotics using LEGO® EV3

**June 27-July 1**  
9:00 a.m.-12:00 p.m. Entering grades 4-7  
Build and program robots using the new LEGO® Mindstorms EV3 system! Learn about mechanical and software design, loops, conditional statements, problem solving, and teamwork skills. Work in small groups, program and build your robot, and rise to the challenge. Control the robot to avoid obstacles, pick up and carry objects, and play sounds. Projects are structured so that students work in an open-ended, investigative environment while having fun. \$230. Instructor: Play-Well Teknologies

#### Robotics using LEGO® WeDo

**June 27-July 1**  
12:30 p.m.-3:30 p.m. Entering grades 1-3  
Build and program robots in this introductory Robotics class using the LEGO® WeDo system. Learn basic programming skills, simple engineering concepts, and the names of robot components. Work in small groups to complete several projects using tilt and motion sensors. This is a great way to prepare young Robotics enthusiasts for our more advanced Robotics programs. \$230. Instructor: Play-Well Teknologies

#### Make a Book, Make a Difference

**June 13-June 17**  
12:30 p.m.-3:30 p.m. Entering grades 5-8  
Are you creative? Do you like fun projects? Do you like young children? Do you want to make a difference in the life of a preschooler? If so, take part in this worthwhile activity. The non-profit organization Rocky Mountain Parents as Teachers (RMPAT), works with families in the Denver area, many of whom have little or no access to books. How wonderful it would be for these children to have a book made especially for them! That's where you come in. Working together with a former parent educator from RMPAT, you receive information on one child who has been identified by his/her parent educator as either needing a "boost" or just loving books. Equipped with their name, age, interest, and photographs, you will create a book specifi-

cally designed for that child in which he or she is the main character. You write a story and illustrate it on the computer, inserting the child into the action on each page. This book will then be professionally laminated and bound. Some experience with word documents and the ability to work hard are important. On the final afternoon, we bring as many of the families as can come to campus to receive their books, meet the authors, and have a celebratory party. This program requires a commitment to being there for the full week. RMPAT educators are very excited about offering this program for the eighth year, and look forward to using these books to help them encourage literacy and bring joy to the families they serve. \$190. Sandy Dubois

### Math Club

**June 27-July 1**

9:00 a.m.-12:00 p.m. Entering grades 6-9  
Whether you are just getting comfortable with numbers or you are willing to push the boundaries of mathematics, this camp is for you. We take a look at standard mathematical principles and leave preconceived notions in the dust. The goal of math club is to find the fun aspects of math and its applications. Why study quadratics if we cannot build a catapult? What is the point of systems if we aren't looking to smash some things? If you have ever been bored with math or are just looking to see the world differently, this camp will get you dreaming about numbers. \$190. Instructor: Jason Koza

### MindDance Coding: Art and Animation with Scratch

**Program 1: June 6- June 10**

12:30 p.m.-3:30 p.m. Entering grades 3-8

**Program 2: June 20-June 24**

9:00 am.-12:00 pm. Entering grades 2-6  
Kids learn to code by creating their own animated stories, cartoons, and interactive art. They build their creative projects in Scratch, an MIT-developed computer programming language for children. Three teachers from MindDance provide inspiration and support as participants experiment, tinker, create, and share. MindDance (formerly Myers Learning) is in its third year of offering summer camps at CA. MindDance students experience a warm and supportive learning community that is social, hands-on, creative, and fun. The Scratch programming language is free and web-based, allowing participants to work on their projects from home, publish their work to the Scratch website, and introduce Scratch to siblings, parents, and friends. No prior programming experience is needed, and many campers sign up for several MindDance camps. The 3-minute Scratch Video (mlrn.co/v1) and the 3-minute Code.org Video (mlrn.co/v2) show the joy and value of learning to code. \$190

### MindDance Coding: Inventing with Computers

**Program 1: June 13-June 17**

**Program 2: June 20-June 24**

**Program 2: July 18-July 22**

12:30 p.m.-3:30 p.m. Entering grades 3-8

This one-week camp serves as a playful introduction to coding (and engineering) for kids who love to invent. Kids use laptops to create their own video games, music players, and interactive art. Next, they use craft materials to build physical devices to control their digital creations. For example, they build their own joy sticks out of egg cartons, tinfoil and pop-sicle sticks or they build their own keyboards out of wire, mat board, and clothespins.

Finally, they get friends and teachers to play and test their games and devices. Students work with Scratch, an MIT-developed programming language for children, and with the Pico Board from SparkFun Electronics. Three teachers from MindDance provide inspiration and support as participants experiment, tinker, create, and share. MindDance (formerly Myers Learning) is in its third year of offering summer camps at CA. MindDance students experience a warm and supportive learning community that is social, hands-on, creative, and fun. No prior programming experience is needed, and many campers sign up for several MindDance camps. ### MindDance Coding: Video Game Design with Scratch

**Program 1: June 6 -June 10**

**Program 2: June 13-June 17**

**Program 3: July 18-July 22**

9:00 a.m.-12:00 p.m. Entering grades 2-6

Kids learn to code by creating their own video games. First, they learn to create classic games like Pong, Pac-Man, and Brick Breaker, and then to invent new games of their own. They build their games in Scratch, an MIT-developed computer programming language for children. Three teachers from MindDance provide inspiration and support as participants experiment, tinker, create, and share. MindDance (formerly Myers Learning) is in its third year of offering summer camps at CA. ### Modern Design and Fabrication

**June 13-June 17**

9:00 a.m.-3:30 p.m. Entering grades 5-8

During this one-week design camp, you design and fabricate a product with a specific function and personal style using the digital and manual design tools in the CA Upper School's Innovation Lab. You may use the 3D printer, laser cutter & engraver, CNC mill, and other tools - along with the corresponding design software - to create and build something that meets a specific need in your life or within your home. Participants will use the Design Thinking process including brainstorming, researching, and prototyping while testing and evaluating the product throughout the entire process. All participants have the opportunity to take home a product that they have designed and built to their own specifications.

\$370 Instructor: Chris Roads and Katy Hills

### Mythbusters Bugs!

**June 27-July 1**

10:30 a.m.-12:00 p.m. Entering grades 4-5

Are Daddy longlegs poisonous? Do earwigs crawl into ears? Do all mosquitos bite? Build bug traps, observe insects in CA's natural areas, and explore the facts and fiction of the insect world. Don't let the bed bugs bite – bring your buggy questions and we'll get to the bottom of the myth!

\$120. Instructor: Suzy Hiskey

### Nutrition Nuts

**June 13-June 17**

9:00 a.m.-3:30 p.m. Entering grades 1-5

Join us in a fun and educational camp that teaches you all about your body and how to treat it well. You'll learn to cook healthy and delicious snacks and meals while understanding the nutrition behind different foods. We also find fun and creative ways to stay active all summer long!

\$350. Instructors: Steph Sanders and Margit Patterson

### Organic Spanish

**July 11-July 15**

9:00 a.m.-3:30 p.m. Entering grades 6-12

This intensive Spanish course focuses on using the language and achieving greater proficiency in an authentic, hands-on, active way. You have the opportunity to build your confidence in a 100% immersion environment and acquire practical vocabulary and basic structures. This camp encourages you to take risks and embrace the second language environment while having fun. We work on speaking and listening as well as literacy and writing in a small, supportive community. Participation in this Spanish summer program is helpful for beginning levels and provides a useful boost for future study in the language. \$315. Jane Kelly

### Programming with Sphero

**Program 1: July 25-July 29**

12:30 p.m.-3:30 p.m. Entering grades 4-8

Learn to program the robotic ball, Sphero, to do tricks and complete obstacle courses! Participants learn Scratch programming and interact with Sphero in a 3D gaming environment using various iPad apps. Each participant is required to bring his or her own iPad. \$200. Instructor Thanh Luong

### Puzzled

**June 27-July 1**

12:30 p.m.-3:30 p.m. Entering grades 6-9

Have you ever caught yourself day-dreaming or replaying the last moves of a game in your head? Do you wish you could plan on stopping the next global epidemic or saving the world? We plan on playing different board games that take a look at large, puzzling concepts and then find solutions. This isn't just board games, we'll test your intellect with mathematical puzzles, word games, and 3D riddles. Push your limits of understanding and meet a group of friends who share the same drive. \$190. Jason Koza

### Read Like a Detective

**Program 1: July 11-July 15**

**Program 2: July 18-July 22**

12:30 p.m.-3:30 p.m. Entering grades 3-5

This class helps intermediate grade students improve their listening and reading comprehension. We base our study on student interests, read short articles, watch videos and listen for information. \$190. Ana Dodson

### Slimy Science

**July 25-July 29**

Four Programs: 9:00 a.m.-10:30 a.m., 10:30 a.m.-12:00 p.m., 12:30 p.m.-2:00 p.m., 2:00 p.m.-3:30 p.m. Entering grades 1-4

Make some icky stuff and get slimy experiences while learning about science you can really use! Learn about colloids, polymers and solvents by using everyday household substances to demonstrate such things as water polarity and also get to create the ultimate bubble recipe.

\$125. Instructor: Megan Zitron

### Space Camp

**July 11-July 15**

9:00 a.m.-3:30 p.m. Entering grades 3-8

Time to blast off for a week of all things space! Through active games, awesome crafts cooking projects and stellar science we will learn about eclipses, comets and asteroids, constellations, planets, phases of the moon, how to tell time with the sun and so much more. We will make homemade moon sand, galaxies in a jar, rockets that really blast off and a pinhole projector to safely look at the sun. We will take an excursion to the Nature and Science Museum to see an IMAX film and explore the Space Odyssey exhibit,

And last but not least we will venture to the National Oceanic and Atmospheric Association (NOAA) to learn about space from real astronomers. \$350. Instructor: Steph Sanders

### Spanish is Fun

**Program 1: July 18-July 22**

**Program 2: July 25-July-29**

9:00 a.m.-3:30 p.m. Entering grades K-5

Every child loves a fiesta! Join us for specially designed children's activities leading up to our Fiesta Day at the end of the week. There's music, dance, food and more! Make a piñata, get moving with Zumbatomic, and make empanadas. Use Spanish commands, daily expressions, and vocabulary, and cook Latin food. Could there be a better way to learn conversational Spanish? \$450

### Spy Kids - Nature

**July 11-July 15**

9:00 a.m.-10:30 a.m. Entering grades 1-2

Use your "spy skills" to discover animal tracks, trails and signs, and discover the mammals, birds, insects and reptiles that hide and hunt in the natural areas of CA. Play games, hike CA trails, and create crafts to explore how animals survive in the wild.

\$120. Instructor: Suzy Hiskey

### Spy Kids - Wildlife

**June 11-July 15**

10:30 a.m.-12:00 p.m. Entering grades 3-5

Perfect your observation skills to discover animal tracks, trails and signs of Wildlife. Learn how to use scientific tracking equipment and compete in predator and camouflage games to see how you might use animal skills to survive. Discover the animals that hide and hunt in the woods and fields of CA natural areas. \$120. Instructor: Suzy Hiskey

### Study Skills for Middle School

**July 18-July 29** (Two week program)

12:30 p.m.-2:00 p.m. Entering grades 6-8

Help your child develop critical learning skills needed for the challenges of middle school. This program teaches your child how to organize, prioritize and prepare by focusing on: note-taking strategies; active listening skills; ways to improve memory; paragraph organization techniques; effective textbook reading methods; and test preparation tips. Fee includes textbook and materials. \$220. Instructor: TBD

### Treehouse Masters Nature's Homes

**June 20-June 24**

9:00 a.m.-10:30 a.m. Entering grades 2-3

Discover what it takes to live in the wild, whether you are a predator or prey, vertebrate or invertebrate. From fast fliers to sneaky hid-ers, animals go to amazing lengths to survive, and they build amazing structures to protect themselves and their young. Learn how to build nests, weave webs, dig burrows, and build shelters. Join in the fort building fun! \$120. Instructor: Suzy Hiskey

### Wetland Warriors at Audubon Nature Center

**July 25-July 29**

9:00 a.m.-3:30 p.m. Entering grades 4-6

Put on your water shoes and roll up those pants to explore Colorado's wild waters! Catch water wildlife, examine and build beaver dams, and explore wetlands through river walks, hikes, and pond mucking in and around Chatfield's South Platte River. Using nets, water quality testing kits and other scientific equipment, you will navigate rivers, take water samples and explore wildlife found in wetland habitats. See live raptors up close during a visit from Wild Wings and find out how these amazing birds rely on the wetlands for survival. Get your feet wet (literally) every day with games, science experiments, investigations, and an appreciation of Colorado wetlands. Required equipment: daypack, water shoes with a heel or heel strap (no flip-flops), change of clothes or a towel, filled water bottles, sunscreen, insect spray, a hat, sunglasses, and a desire to get wet! \$355. Instructor: Audubon Society

### A Wild Tour of Colorado History

**July 18-July 22**

9:00 a.m.-3:30 p.m. Entering grades 4-8

Calling all of the curious, all of the inquisitive, and all of the history buffs. Colorado and the West was founded through the backbreaking work and sweat of many of our ancestors. Whether we are recent immigrants or have been in Denver for generations, we all owe a great deal of respect to the history of the region. In this camp we plan to explore the cowboy days of the area through the era of train travel and the rush of finding more gold. Each day will focus on a unique time period or historic group that helped shape Colorado. \$360. Instructor: Jason Koza

### Wildlife Detectives at Audubon Nature Center

**July 11-July 15**

9:00 a.m.-3:30 p.m. Entering grades: K-2

Memorized the movies? Seen the T.V. show? Secretly wish you were a Jedi Knight? Then this camp is right up your universe! We'll create our own ships, master Star Wars LEGO® sets, check out some Clone Wars footage, dress in our Coruscant best, and even drink Aunt Beru's blue (vanilla) milkshakes! This camp is 100%, full-on Star Wars action, and if you can imagine it, we'll do it. An off-campus field trip is planned for the final day of the camp. \$310. Instructors: Roy Mills and John Neuhalphen

### Surviving Mars and Other Unfortunate Circumstances

**June 20-June 24**

9:00 a.m.-12:00 p.m. & 12:30 p.m.-3:30 p.m.

Entering grades 7-9

Have you ever wondered if you have what it takes to survive a life or death situation - the knowledge and essential skills to work with limited resources to overcome the challenges that nature presents? Each day of this hands-on camp will present you with a new challenge - stranded on Mars, adrift at sea, fleeing the zombie apocalypse and other similar scenarios. Skills and concepts that we will learn together each day may be the key to your survival, but the solutions will be entirely yours.

\$210. Instructors: Chris Roads and Holley McBroom

**Summer Arts Academy & Culinary** Keep the right side of your brain active this summer. Summer Arts Academy offers exciting choices for young people interested in Art, Culinary, Photography, Music, Performance, Technology, and much more!

### 3D Photography

**July 11-July 15**

9:00 a.m.-10:30 a.m. & 10:30 a.m.-12:00 p.m.

Entering grades 3-4

12:30 p.m.-2:00 p.m. Entering grades 5-9

In this workshop, students learn the science of anaglyph (red and cyan) photography and use a single digital camera to create their own 3D projects. The workshop includes learning the importance of good 3D photo composition and camera placement as well as the use of free 3D photo processing software. The mechanics of anaglyph photography using a single camera are demonstrated. Each student prints or has one large (8x10) 3D photo processed. \$130. Instructor: George Hernandez

### A Baker's Dozen

KidStage is a theatre and acting class for kids! The curriculum includes concentration, teamwork, improvisation, movement, voice and basic theatre terminology. At the end of the class, KidStage kids will perform for peers and parents. All classes are taught by

trained instructors, whose goal it is to teach your child about the excitement of theatre, to improve your child’s self-confidence, and to provide a safe, fun and interesting environment. KidStage will strengthen your child’s confidence as well as build teamwork, leadership, reading, and vocabulary!

**KidStage: Porridgegate****July 25-July 29**

9:00 a.m.-3:30 p.m.-Entering grades 6-9  
A hilarious send-up of not one, but two fairy tales, Porridgegate will have your audiences aching with laughter... though possibly not wanting to eat porridge ever again! Ursula Bear buys her porridge by the 50-pound precooked bag. But her husband Builda and her son Teddy think the porridge smells like swamp mud and tastes like secondhand fish eyes! So only Ursula is upset when a bowl of porridge goes missing and scandal breaks out in the forest. As usual in Wychwood-under-Ooze, things are not exactly what they seem. Goldie Locks has been arrested, but is she guilty... or was she framed?! And who was the culprit who blew down the homes of Oscar Meyer and Jimmy Dean? Could it be poor Alfred the Wolf, who gets blamed for everything? And what about that quartet of schoolgirls competing to be Goldie’s best friend? One thing’s for sure, Police Chief Sherlock McGarrett is too busy eating doughnuts to sort out the mysteries of the forest, so it will take the crack investigative reporting of Woodsman and Bernadette, along with some help from a top secret source, to unravel the biggest scandal in the history of Wychwood — Porridgegate!  
\$400. Instructor: KidStage

**KidStage: The Lion King****July 18-July 22**
