

Colorado Mountain Club's Youth Education Center

W7: July 23-July 27

9:00 a.m.-3:30 p.m. Entering grades 6-8

Do you want to gain experience on real rock and learn new techniques? This 5-day course is catered to youth with an interest in outdoor climbing and achieving personal goals. Course content will encourage 'challenge by choice' as individuals work at advancing strength and technique on various rock types. Each day we will travel to a new outdoor location and practice climbing on different types of rocks and environments. Previous climbing experience is required. Students must have previously attended the CMC Youth Education Program's Intro to Rock Climbing Camp or have equivalent experience (competency belaying and experience climbing outdoors). Participants will learn about traditional and sport climbing as well as try a mock lead, rappel, and practice a variety of climbing styles. All climbing will be managed by American Mountain Guide Association certified climbing instructors from the CMC's Youth Education Program. \$550
Instructor: Colorado Mountain Club
